Intermediate .Net Software Engineer

(Ref : 1973)

Who we are

Crédit Agricole Corporate and Investment Banking (CA-CIB) is the CIB arm of Crédit Agricole Group, world's 11th largest bank by total assets.

Our Singapore center is one of the **3 main IT Hubs for CA-CIB's worldwide** business. We work daily with international branches located in 33 countries by:
- Envisioning and preparing the Bank's futures information systems
- Partnering and supporting core banking flagships and transverse areas in their large scale development projects.
- Providing premium In-house Banking applications,

This unique positioning empowers us to bring our core banking business a sustainable competitive advantage on the market.

We seek innovative and agile people sharing our mindset to support ambitious and forthcoming technological challenges.
